Our Venture into India

Range of Products and Tie-Up with Associate

Kingdom Plywood under the aegis of a global entity Kingdom Resources, is now brought to you in India by the Associate Group. The Associate Group with a legacy of over a century is a market leader in multiple businesses including the particleboard business that it runs under the Associate Décor brand.

After establishing its supremacy in trading, wood products and various services businesses, Kingdom Resources is making its foray into India in the wood panels business, with a focus on plywood. It's bouquet of products includes the complete spectrum from the Silver range to the Marquee range. Go ahead and explore the finest range of plywood on offer. And get set for your reign of passion.
